YOU'RE WELCOME TO

Newton-Conover, where a community population of 12,000 spreads over a six square mile area leaving plenty of room for new neighbors. We like to make new friends, and we'll be happy to meet you personally, if you'll call our Chamber of Commerce, Office Phone IN 4-2042, and let us make an appointment.

Newton-Conover is happily situated in the foothills of the Blue Ridge Mountains, 80 miles from Asheville on the West and 40 miles from Charlotte to the Southeast, giving easy access to Mountain resorts and lakes. Newton is the county seat of Catawba County, with a population of 8,000, and Conover has a population of 1,600.

Ninety percent of the area's population are home owners, and nine-tenths of the population is white, one-tenth Negro. The foreign-born percent is negligible. The native-born labor potential is good, and the people widely-recognized as the best type of workers, with special skills in hosiery, cotton textiles and woodworking industries.

The climate is most agreeable, with seasonal averages: Spring 56 degrees, Summer 74 degrees, Autumn 57 degrees and Winter 50 degrees. The average rainfall is 49.9 inches. The elevation is 993 feet.

Transportation facilities are excellent, and this community is served by the main line of the Southern Railway, the C & N W Railroad, Queen City Bus Company, Conover-Newton Bus Lines, and Piedmont Airlines in nearby Hickory. More than 20 motor express lines serve the community.

Dash (—) before name denotes that number is wanting.

(*)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE
AND DENOTING BUSINESS PLACES

VOL. III	1959-1960	VOL. III
-----------------	------------------	-----------------

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond our own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.
